## SILVER BALANCED COMFORT QUEEN MATTRESS

**Product Code:** 111071025301

**Product Description:** The Silver range is a great entry level pocket spring mattress with a feel to suit most needs. Lighter in weight than some other pocket spring mattress, it is easy to maintain, and will suit those looking for value for money without compromising comfort or support. The 3-zone pocket spring unit provides excellent lower back support while gentle on the shoulders for side sleepers. Individually pocketed coils conform to the body shape and distribute weight evenly, minimising pressure points and tossing and turning. Partner disturbance and roll-together are virtually eliminated as each spring acts independently, nested in its own fabric pocket. A heavier gauge of wire is used through the centre third to minimise sagging and increase the support where it is needed most. Two rows of firmer pocket springs encase the entire perimeter of the Extra Comfort model for increased edge support and maximum sleep surface without compromising on comfort or durability. Bamboo blended fabric is very durable and offers superior moisture and thermal regulation using hollow fibre technology. Both the foam and the fabric are treated with UltraFresh, a mould and bacteria inhibitor, reducing or eliminating dust mites, ensuring a healthy sleeping environment even for allergy sufferers. Great value for kids, teenagers, spare rooms or those on a budget who don't want to compromise quality or support.

**Unit:** EACH

**\$549.00** inc. GST

### Features

Dimensions: 1530 x 2030  
Spring Count: 609
